**Campus Security**

The school has not had any incident of crime reported on the premises but encourages all students to walk to their cars at night accompanied by another student or staff. The parking lot is well lit and close to the front door.

**Things to remember:**

Please reread the catalog prior to your enrollment interview and orientation. All information on policy and expectations are written in the catalog. If you have any questions regarding this information, please ask them at your orientation. The orientation is designed to get you acquainted with AIMM and what will be expected of you and what you can expect from AIMM.

**Please note prior to enrolling that part of the curricula at AIMM includes instructions in guided imagery meditation and energy work.**

You are required to wear your scrub uniforms to all practical classes and Internships. You may wear

semiprofessional attire to lecture classes on Wednesday nights. Absolutely no faded or frayed clothing, including jeans and no shorts or t-shirts are permitted. Slacks, skirts of modest length, polo shirts, dress shirts and blouses and sweaters are deemed appropriate. We are teaching students not only skills in medical massage, but also in business to become a success in this vocation. Please remember to bring a notebook to lecture and a pillow with a twin sheet set to all practical labs.

Eating is not permitted in the classroom, but you may bring a beverage to class in a container that closes.

### **AIMM Performance:**

This program is new in this area. We are not able to tell you how many students graduate, how many students find jobs, or how much money you can earn after finishing this course. In Director Alla Mia's history of owning and running schools, she attained 100% placement of her graduates.

## **ADMISSION REQUIREMENTS**

The American Institute of Medical Massage (AIMM) is looking for the dedicated enrollee that will be able to endure the rigorous studies for the duration of a year. Therefore, AIMM conducts an interview process to assure as much as possible that the right type of student enrolls. The right types of students are those who are interested in making Medical Massage their career. They must exhibit a willing attitude, correct motive, and perseverance during the interview process. All applicants must be 18 years of age or older and be high school graduates or equivalent. The application process is as follows:

1. The applicant fills out the application in back of the catalog or on the website and sends it back via snail mail or email.
2. The Business Manager, Noel, will call you to set up the initial interview.
3. At the initial interview, the applicant is given a tour of the AIMM facility, explained the requirements of graduation, explained the required classes and costs, and explained rules of proper conduct. If at this point, the applicant is interested in enrolling, he/she must take an "Ability to be trained" test, required by the state (which the applicant must pass with a 70% score) and make an appointment for an interview with the Director.
4. At the enrollment interview with the Director, the student's application is reviewed, and the applicant is assessed as to attitude, willingness and motive. The applicant then will be notified by the Director at the time of this interview whether they are accepted into AIMM or not. If they are not accepted, the reason will be given and a letter to this effect will be in writing and emailed and mailed to the perspective student within ten (10) days of said enrollment interview with the Director. If they are accepted, then the Director will help the student fill out the enrollment form which includes any financial agreements between the student and AIMM. The applicant will then be considered "Enrolled". In most cases, steps 2, 3 and 4 may be conducted on the same day.
5. The registration fee of \$200 will be collected from the enrollee at the time of the Enrollment Interview, once accepted.

Since Massage Therapy requires physical strength, disabled applicants are required to have an examination and be counseled by their physician. Also required is the consultation with the school's Director to determine if the applicant will be able to physically fulfill the duties of a Medical Massage Therapist.

### **PRIOR FELONIES OR PROSTITUTION**

Applicants that have been convicted for prostitution, were registered as a prostitute, or convicted of

soliciting a prostitute or of a felony needs to be aware that they may not be able to obtain certification, or to practice massage or other forms of bodywork in most of the cities and counties in the state of California. Those that have a felony record may not be able to be state licensed in any form of bodywork in a state where state licensing is required. Those that have been convicted of a felony of any type should consult with the local government agencies where they wish to practice bodywork to ensure, that they would be able to practice, before enrolling in the AIMM program. Applicants that have been convicted of the above crimes may be admitted to AIMM provided that documentation of rehabilitation is given to the school.
